NAFTA ORIGIN VERIFICATION QUESTIONNAIRE
GOODS WHOLLY OBTAINED OR PRODUCED ENTIRELY IN THE TERRITORY
OF ONE OR MORE OF THE PARTIES

PURPOSE

The purpose of this questionnaire is to request that you provide the Canada Border Services Agency (hereinafter referred to as "the CBSA") with the information that you used to determine your eligibility for the *North American Free Trade Agreement* (hereinafter referred to as "the NAFTA"). This information is required to conduct a verification of origin of specified goods imported into Canada, pursuant to Article 506(1) of the NAFTA, for which a claim for preferential tariff treatment was made on the basis that the goods originate in the NAFTA territory as a result of meeting a rule of origin under subsection 4(1) of the NAFTA Rules of Origin Regulations (hereinafter referred to as "the Regulations"), requiring that the goods were wholly obtained or produced entirely in the territory of one or more of the Parties. The purchase of a good in the territory of a Party does not necessarily render it "wholly obtained or produced". If a good contains materials at any level obtained from a non-NAFTA country, the good would not be wholly obtained or produced.

Note 1: This questionnaire must be completed and returned by the date specified in the covering letter accompanying the questionnaire. Where the CBSA does not receive the completed questionnaire within the specified time period, it may, subject to Paragraphs 16 through 18 of Article VI of the *Uniform Regulations for the Interpretation, Application, and Administration of Chapters Three (National Treatment and Market Access for Goods) and Five (Customs Procedures) of the NAFTA* (Uniform Regulations) deny preferential tariff treatment to the goods that are the subject of the verification of origin.

Note 2: This questionnaire will be used to verify the tariff treatment claimed by the importer as outlined in Annex 302.2 of the NAFTA, paragraphs 4, 5, and 6.

GENERAL

The CBSA may further verify the origin of the goods and/or determine the accuracy of any or all of the information provided in the completed questionnaire by sending a subsequent verification questionnaire or verification letter, and/or conducting a verification visit under article 506(1)(b) of the NAFTA.

Where materials used in the production of a good are obtained from suppliers in respect of which the exporter or producer claims that such materials are "wholly obtained or produced entirely in the territory of one or more of the Parties", it is incumbent upon that exporter or producer to substantiate the basis on which that claim was made. One way of substantiating the basis of the claim can be through written certifications from suppliers. As part of the overall verification process, the suppliers of those materials may be requested to complete a verification questionnaire and/or be the subject of a verification visit.

A failure to maintain records, relating to the origin of the goods that are the subject of the verification, for five years after the date on which the Certificate of Origin was signed, or a denial of access to such records may, pursuant to Article V(4) of the Uniform Regulations, result in a denial of preferential tariff treatment to the goods.

Additional Information

For additional information regarding the completion of this questionnaire, please refer to the NAFTA and the Regulations. Any further information and/or clarification may be obtained from CBSA officer identified in the covering letter.

Confidentiality

The Canada Border Services (CBSA), shall in accordance with Article 507 of the NAFTA and section 107 of the *Customs Act*, protect the confidentiality of all business information submitted and shall not, with the exception of the United States Bureau of Customs and Border Protection (CBP) of the United States, disclose such information to a third party without prior approval from your company. Pursuant to the *Memorandum of Understanding Regarding the Exchange of NAFTA Related Information*, the CBSA will share the results of this verification with the CBP.
