

Who We Are

OCTAL is the world's largest producer of PET sheet and resin on a single site and the world's leading clear rigid packing material supplier, producing nearly 1 million metric tons of bottle grade PET and DPET™ sheet per year. Our large-scale production facilities, innovative products and global reach are enhancing the performance of our customers around the world by converting from PVC, polystyrene and PP to our fully-recyclable and economically-efficient DPET™ solutions.

Our Vision

Being the global leader in PET Packaging through excellence of product performance and sustainability

Submitted by Compagnie Selenis Canada
